

Introduction

Our final speaker today has been impacting the lives of others for 25 years now. Over that period she has presented to well over 1 million people, and as testimony to the impact she has had, she was the first person outside North America to be inducted into the international Speakers Hall of Fame.

Through her upbeat and unique style she takes her audiences on an exciting journey where they:

- believe they are capable of higher performance.
- are encouraged to be the best they can be.
- are equipped to build a better life, both business and personal.

Please welcome, from Melbourne ...

Lisa McInnes-Smith
